PLATEAU

The vision

I had a vision - a pretty big one back in 2016.

It was clear and simple: to redesign elements of urban space in terms of social interaction, usability, sustainability, and materials, and to top it all, integration of technology to improve lives of people in urban environments.

In collaboration with Holscher Design, completely new products were created, all based on the same DNA and philosophy with a simple but distinctive design.

The PLATEAU family is a reality. My dream came true.

Ib Mogensen
Founder & CEO
out-sider a/s

HOLSCHER DESIGN

Holscher Design is one of Scandinavia's most recognized, and award-winning design studios, with more than 25 years of experience. out-sider's collaboration with Holscher Design began with a competition concerning the development of radical new table/bench set for public spaces, and Holscher's winning proposal – **PLATEAU** – was chosen. The design has iconic and graphic qualities, while being a coherent, innovative piece of furniture with many seats – inviting people to interact with each other. Holscher's intention was to create a product family, and it now counts 15 urban pieces of furniture.

PLATEAU

Social, Simple, Smart, Responsible

PLATEAU takes a new, modern approach to urban seating. While inviting people to socialize in flexible ways, this Scandinavian design fits into any type of architecture with its soft, human shapes and clean, nordic color palette.

Designed, cut and crafted from one piece of long-lasting paper based HPL (made from 59–67% post-consumer recycled corrugated cardboard), PLATEAU family is a timeless, sustainable solution to urban seating.

ACCESSORIES

PLATEAU

Our compact laminate (HPL) are made from 59–67% post-consumer recycled corrugated cardboard. Mainly collected in Norway and certified according to FSC® and PEFC standards.

HPL - COMPACT LAMINATE

Compact laminate was originally created as facade cladding, providing a strong, sleek, and modern aesthetic. This material not only offers an elegant appearance but also the freedom to design with coloured surfaces.

PROCESS

HPL panels feature decorative paper on both sides, while the core consists of multiple layers of 100% recycled kraft paper, impregnated with phenolic resin and compressed under high heat and pressure into a dense, durable, and moisture-resistant material.

This creates a robust and compact material that combines high strength with resistance to moisture, bacteria, and extreme temperatures ranging from -80°C to +80°C. It is designed for long-term durability and has a lifespan of up to 50 years. Our long-term experience with HPL shows that the material maintains its colour and surface appearance exceptionally well, even in areas exposed to strong sunlight. The HPL panels have excellent lightfastness, ensuring they remain visually stable over time.

HPL BENEFITS

- **Sustainable:** Made from 59–67% post-consumer recycled corrugated cardboard.
- **Long lifespan:** Designed for long-lasting durability with a lifespan of up to 50 years.
- **Low maintenance:** Requires very little maintenance and is easy to clean.

MAINTENANCE

The material is waterproof and resistant to bacteria. Its smooth surface makes it easy to clean with water and soap. Avoid using abrasive cleaners and never use the abrasive ("green") side of a sponge. Graffiti can be removed relatively easily, and spare parts can be replaced if needed.

PLATEAU PICNIC O

The picnic table that seats more

#NEWURBANCLASSIC #INVITINGSHAPE #COLOUR #SOCIALIZE

Plateau Picnic O rethinks tradition! A graphic design expression and appealing picnic table with an encircling bench makes up this spacious piece of outdoor furniture, shaped for socialization and inclusion. This new urban classic has room for 10-12 people and comes in different models to ensure easy access and fulfill the needs of all kinds of users (e.g. wheelchair access, see Plateau Picnic I).

#177

PLATEAU PICNIC L + I

Easy access for all

#MANYSEATS #INVITINGSHAPE #DANISHDESIGN #EASYACCESS

A graphic design expression and appealing picnic table with an encircling bench makes up this spacious piece of outdoor furniture, shaped for socialization and inclusion. **Plateau L** models' design has an improved sense of inclusion around the entire picnic table. It offers two extra, 'floating' seats and flexible access, and seats 8-10 people. **Plateau I** model is designed with a clear purpose; to ensure easy access and fulfill the needs of all-aged users, including elderly and wheelchair users. It seats 6-8 people. Both models can be extended with backrest.

#203

PLATEAU PICNIC ROUND C

Join the party

#LIMITLESSDESIGN #INVITINGSHAPE #COLOUR #EASYACCESS

Get together around the round Plateau Picnic! This picnic table invites everyone to the party and seats four to six people. Plateau Picnic Round is simple, limitless design, and smart functionalities such as easy access, space for a wheelchair, and the option of placing a light, parasol or similar in the middle of the table.

#203

PLATEAU PICNIC ROUND O

Come together

#SOCIALSPACES #INVITINGSHAPE #COMMUNITY #URBANDESIGN

Create unforgettable moments with Plateau Picnic Round O, the perfect picnic table for social gatherings, accommodating up to 8 people around the table. Plateau Picnic Round O is a simple picnic table with an integrated bench that encircles the entire table. Picnic table which includes all and the option of placing a light, parasol or similar in the center of the table

#203

PLATEAU PICNIC ROUND I

Open for everyone

#INCLUSIVEDESIGN #EASYACCESS #MEETTOGETHER #CITYLIFE

Picnic table which includes all Plateau Picnic Round I features a design that naturally becomes a focal point in urban spaces, schools, and parks. With two access points, the table accommodates up to two wheelchair users, ensuring inclusive seating. Picnic table which includes all and the option of placing a light, parasol or similar in the center of the table.

#207

PLATEAU PICNIC STREET

Less space, room for more

#OPTIMIZINGSPACE #URBANDESIGN #SOCIAL #MODERNLIVING

Need to seat six people, while optimizing the space? Plateau Picnic Street is born urban and designed for modern living – new ways working, new ways of coming together! It is easy to fit in and easy to access with its slim design and organic, rounded ends. Plateau Picnic Street is slim and crafted with a cool one-flow frame consisting of a continuous steel tube that completes the design in a thrilling, yet simple shape. Plateau Picnic Street allows you to mount a light source at the end.

#206

PLATEAU PICNIC DUO

The single design for two

#MEETINGPOINT #SLIMDESIGN #ONEFLOWFRAME #HPL

Looking for one, single design to fit in two people? Plateau Picnic Duo is the intimate member of the Plateau family. It is flexible in use as an informal work spot or simply a cozy meeting point for two. Plateau Picnic Duo is slim and crafted with a cool one-flow frame consisting of a continuous steel tube that completes the design in a thrilling, yet simple shape.

#192

PLATEAU BENCH

Stretching the space and the functionality

#RETHINKINGTRADITION #URBANDESIGN #SIDETABLE #SPACEFORMANY

Building on the original design of Plateau Picnic with its graphic design expression and appeal, Plateau Bench stretches over 2,8 meters, offering room for more (5-6 people), seated in a row, or flexibility to group together at each end. The Plateau Bench is suitable for all age groups, and as an option, you can mount one or two of the matching Plateau side-tables, adding even more functionality.

#193 + #194

PLATEAU PLINTH + WALL BENCH

Don't just have a seat, socialize

#RETHINKINGTRADITION #URBANDESIGN #SIDETABLE #SPACEFORMANY

Plateau Plinth and Wall Bench rethinks tradition! A graphic design expression and appealing seating solution, modern, yet strongly rooted in the Scandinavian design tradition. The thought-through rounded ends empower conversation across the entire group of people – excluding no one – whether that being 5-6 people seated in a row, or a smaller group at each end of the furniture. You can mount one or two matching Plateau side-tables, adding even more functionality. Standing or mounted on a wall.

#195

PLATEAU SEAT B-F

Have a seat, anywhere

#SOCIAL #URBANDESIGN #EXTENDEDSEATING #SLIM

Plateau Seat is a bench/seat boiled into the simplest possible shape! Easy to fit in – and easy to access – with its slim design and organic, rounded ends, it creates a pleasant contrast in the often square, urban structures and spaces. Plateau Seats comes in various lengths seating two to four people, with or without an integrated, smart table or light source, and offers endless lineup and fixation options.

#195

PLATEAU SEAT

Have a seat, anywhere

#INVITINGPEOPLE #ADD-ONSEATS #EASY #SLIM

Plateau Seat is changing and extending the seating opportunities in the urban space by taking advantage of the existing architecture. These graphically designed seating spots offer endless seating possibilities on existing staircases, concrete plinths, etc. Furthermore, you have the option add Plateau side tables. With the different lengths and colors, you can create an inviting environment.

#202

PLATEAU CITY CHAIR

An urban classic is born

#URBANCLASSIC #DANISHDESIGN #FLEXIBLE #SOCIALIZE

Experience complete flexibility with Plateau City Chair! Designed to seat one person, and ideal for setting up endless formations, inviting more people to socialize together in multiple ways. Create a cozy space for two, connect the chairs together in a straight row, an arch or snake to fit your space, and customize with logo and brand name.

#205

PLATEAU TABLE

One circle, four seats

#SOCIAL #OUTDOOR #COLOUR #LESS IS MORE

Keep it simple! Plateau Table Round is an essential member of the Plateau outdoor furniture family. With a strong, less-is-more design with thought-through round shapes, it offers a perfect fit with four Plateau City Chairs.

#326

PLATEAU POINT SUN

Light up the darkness

#CO2NEUTRAL #SOLARPOWER #AMBIENTLIGHT #SUSTAINABLE

Add light to Plateau by changing the steel discs with Point Sun. Ambient and reading light in the evening with no cables and no installation required. Point Sun is 100% solar powered, resistant to weather conditions, intelligently controlled and CO2-neutral.
