Boa

Boa is a reinterpretation of the traditional table-bench combination in a funky and modern style. It pushes the boundaries of what we typically expect from furniture in public spaces. Its functional and sculptural nature not only adds visual appeal but also introduces a playful dimension to the surroundings

Boa

Technical data

Material

Rotation moulded EcoMix polyethylene, 6-7 mm thick, dyed. Moulded in one piece. UV-resistant, stands up to weather, wear and tear. The material is suitable for granulation and recycling.

Surfaces and friction

The products have a textured/granulated surface due to abrasive blasting of the mold. This process enhances the friction and makes the surface less slippery.

Authentication

TÜV approved as playground equipment acc. EN1176.

Dimensions

L2400 x B1200 x H1200mm.

Volume: 630L

3-5 seats. Turnable

Fixation

Fill with water (450 litres) / sand (450kg) through integrated plugs. Or surface fixation (brackets to be ordered separately).

The height varies from 40 to 120cm. We recommend EN-1176 standard safety surfacing within a 150cm radius of Boa.

EcoMix – Recycled and ecolabelled*

EcoMix is made from polyethylene (PE) and selected recycled plastics such as fishing nets and bottles. It contains 22-93% recycled content, depending on colour. The remaining recyclable PE ensures durability and colour flexibility. Recycled version is made from 100% recycled polyethylene plastic, of which 85% comes from internal waste and production surplus, while 15% comes from polyethylene bags.

Recycled version is ecolabelled, promoting circular economy and fulfils UN's sustainable development goal no.12 – Responsible consumption and production.

Recycled version is available in anthracite variant, yet colour can vary from order to order.
