

#152

# Satellite

Satellite is a creative urban space element designed for the way children and young people inhabit urban environments. Relaxation and movement combined in one piece of furniture. Satellite can be set up in 4 different ways, allowing one to sit within the cavity, practice parkour, or climb the rungs when the satellite is upright

# Satellite

## Technical data

### Material

Rotation moulded polyethylene, 6-7 mm thick, dyed. Moulded in one piece. UV-resistant, stands up to weather, wear and tear. The material is suitable for granulation and recycling.

### Authentication

TÜV approved as playground equipment acc. EN1176. When placed horizontally.

### Dimensions

2980 x 1720 x 2020mm.

### Fixation

Placed directly on the ground and filled 1/3 with water (400 liters) or sand (400 kg). When placed upright, the Satellite must be secured to the surface. Brackets for bolting/casting are ordered separately.

### Maintenance

This product withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. The colour can be revived using vinyl cleaner or similar

### Item numbers

152 01xx Satellite /165kg.

### Fittings

900 B021 Brackets for ground fixation.

900 B031 Brackets for surface fixation
