#213 1

Circus Solo

Solo is the simple and honest starting point of the Circus family. In its simplicity, Solo creates a quiet space for rest, reflection, and pause – right in the middle of urban life. A rounded, monolithic element that can stand alone or be part of larger configurations. CIRCUS is designed with a circular mindset and produced using recyclable materials – always with the possibility to integrate greenery into the design.

Circus Solo

Technical data

01 SOLO
Solo Configuration
2 base I + 1 top seat

Material
HPL Top: 10mm compact laminate with 42 layers. Dyed, highly UV resistant and available in 4 colors. The durability, solid mechanical quality and weather resistance makes it perfect for tough urban use.
Base: Rotation molded Polyethylene (PE), 6-7mm thick, mass colored. Molded in one piece. UV-resistant, stands up to weather, wear and tear. The material is suitable for granulation and recycling.

Sustainability
EcoMix: Lifespan 30 years. 100% recyclable up to 7 times.
100% recycled PE in Anthracite.
33% recycled PE in Red, Green; Granite & Sand, of which consumer waste make up 33%.

HPL: Lifespan up to 50 years.
100% recycled locally sourced paper. FSC and PEFC certified.
Can be used as source of heating after lifespan without any hazardous waste.

General: Modular system adapts to change.
Easy to replace spare parts.

Dimensions
Ø900 x H440mm.
Weight 16 kg.
Seats up to 4 People.

Montage
All configurations are to be fully assembled on site. See assembly guide for step-by-step instruction.

Variety
Customized tops on request.

Accessories
Feet suggested for assembly on uneven terrain.
Wheels for easy mobility.

Family
Duo, Trio, Quadro & Forma.

Maintenance
Maintenance-free and easy to clean. Withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. Graffiti removes easily.

Design protection
Registered at EUIPO, EF design number 015036655-0001
