

#213 1

Circus Solo

Solo is the simple and honest starting point of the Circus family. In its simplicity, Solo creates a quiet space for rest, reflection, and pause – right in the middle of urban life. A rounded, monolithic element that can stand alone or be part of larger configurations. CIRCUS is designed with a circular mindset and produced using recyclable materials – always with the possibility to integrate greenery into the design.

Circus Solo

Technical data

01 SOLO

Solo Configuration

2 base | + 1 top seat

Material

HPL Top: 10mm compact laminate with 42 layers. Dyed, highly UV resistant and available in 4 colors. The durability, solid mechanical quality and weather resistance makes it perfect for tough urban use.

Base: Rotation molded Polyethylene (PE), 6-7mm thick, mass colored. Molded in one piece. UV-resistant, stands up to weather, wear and tear. The material is suitable for granulation and recycling.

Sustainability

EcoMix: Lifespan 30 years. 100% recyclable up to 7 times.

93% recycled PE in Anthracite.

67% recycled PE in Green, of which recycled fishing nets make up 33%.

33% recycled PE in Red, Granite & Sand, of which consumer waste make up 33%.

HPL: Lifespan up to 50 years.

100% recycled locally sourced paper. FSC and PEFC certified.

Can be used as source of heating after lifespan without any hazardous waste.

General: Modular system adapts to change.

Easy to replace spare parts.

Dimensions

Ø900 x H440mm.

Weight 16 kg.

Seats up to 4 People.

Montage

All configurations are to be fully assembled on site. See assembly guide for step-by-step instruction.

Variety

Customized tops on request.

Accessories

Feet suggested for assembly on uneven terrain.

Wheels for easy mobility.

Family

Duo, Trio, Quadro & Forma.

Maintenance

Maintenance-free and easy to clean. Withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. Graffiti removes easily.

Design protection

Registered at EUIPO, EF design number 015036655-0001
